UiPath Automations

- Prisma Health Automations team is a team of 3 developers, and we have been developing UiPath Automations for the last 6+ Years.
- We've developed in excess of 37 Automations, 21+ are currently in production.
- Our Automations comprise of
 - Epic Processes (PB/HB or Both)
 - Pre-Auth/Authorization/Credentialing/Licensing
 - Miscellaneous (hand Hygiene, Supply Chain, Document Mgmt)

Epic Processes:

- 2 Major Types of Epic Automations:
 - 1.) Workqueue Management
 - 2.) Direct Updates to Account/HAR

Epic Processes: (Medlytix)

- Updating patient records with Medicare coverages via the Hospital Account
